

"As insiders we share what we would have loved to receive: guidance and expertise on the hidden gems of our area because arriving is one thing, belonging is another"

There are places that simply wait to be revealed.

Véronique Bué and Vanessa Boren create projects where the soul of Southwest France's historic residences meet a refined vision.

Of French and American origin, they combine strategic professionalism with a deep sensitivity to heritage, enhancing châteaux, manor houses, and character homes with discernment and elegance.

Intertwined with rambling vineyards and the Estuary, the region is rich with magical experiences only 45 minutes away from Bordeaux.

Lifestyle. Culture. Heritage.

Each project begins with total immersion: understanding a place, its history, and bringing forth a beautiful way of French living. Their creative and deeply human approach relies on a trusted network of master artisans, ensuring authenticity is preserved while comfort, charm and sophistication are seamlessly introduced.

Our Approach

Every project is entirely unique. We take the time to understand your tastes, lifestyle, and aspirations in order to create an interior that truly reflects who you are and enhances your well-being.

Combining creativity, meticulous attention to detail, and expert knowledge, we transform your vision into a space that is warm, elegant, and effortlessly functional.

Each project begins with a deep immersion: understanding the story of the property, the client's vision, their way of living, and their dreams. From there, we reveal the architectural potential and thoughtfully reimagine volumes and spatial flow.

Who We Work With

- Clients relocating to the Gironde region
- Homeowners seeking to transform or redesign their interiors
- Professionals wishing to enhance and refine their workspace
- Property owners preparing a home for rental or sale
- Owners creating a Bed and Breakfast
